## THE CENTRAL STATES SALE

### *“Sale of the Money Makers”*

OSKALOOSA, IOWA — OCTOBER 9

#### 14 BULLS

Rugged, top quality  
sire prospects.

#### 29 FEMALES

An excellent set of cows,  
bred and open heifers.

There is a reason why this sale has become known as “The Sale Of The Money Makers.” It is because the Central States Shorthorns and Polled Shorthorns are offered in “working” condition . . . ready to go into your herd and make money. You are not paying for fancy dress but for bulls and females in strong breeding condition and of dependable bloodlines. Be sure to attend this sale.

A few of the good cows and calves in the Braywood Farms' herd, Oskaloosa, consignors of a female and five club calves.

## GENERAL INFORMATION

**TIME** — Sale will be held Saturday, October 9. Sale will start at 12:30 p.m.

**LOCATION** — Southern Iowa Fairgrounds, northwest section of Oskaloosa, close to primary road 92 and 163.

**TERMS** — Terms of this sale are cash unless other arrangements have been made with consignor from which you purchase and the sale manager is notified.

**GUARANTEE** — All cattle are sold subject to a 60-day re-test for tuberculosis if kept isolated, unless going into a Federal Accredited herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for tuberculosis unless they come from an accredited herd. The cattle have been tested for Bangs within 30 days or have been calfhood vaccinated unless otherwise stated.

Bulls are guaranteed breeders if properly cared for, not allowed to run with the herd, and not used before 14 months of age. If a bull fails to breed, he may be returned to the seller, and, if after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over 14 months old at the time of the sale are guaranteed to be breeders. Heifers should not be served by old or heavy bulls. The buyer must give the seller notice within 90 days in case of a non-breeder. In the case of young bulls this means within 90 days after they become 14 months of age. All animals must be in as good condition as when purchased to be eligible for adjustment. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation.

**LIABILITY** — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, ringmen, or sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

**LUNCH** — Lunch will be served on the grounds by the ladies of the Central Reform Church.

**AUCTIONEERS** — Tom Sherlock, Harvey Neiderhisar, and Adrian Meierotto.

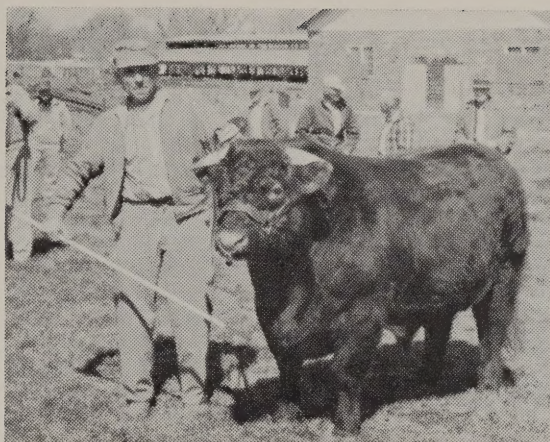

**SALE MANAGER** — Bill Stunkel, 1228 N. Nye Ave., Fremont, Nebr.

**REGISTRATION CERTIFICATE** — A certificate of registry will be furnished with each registered lot and will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished with each calf sold beside its dam and for each unborn calf sold in dam.

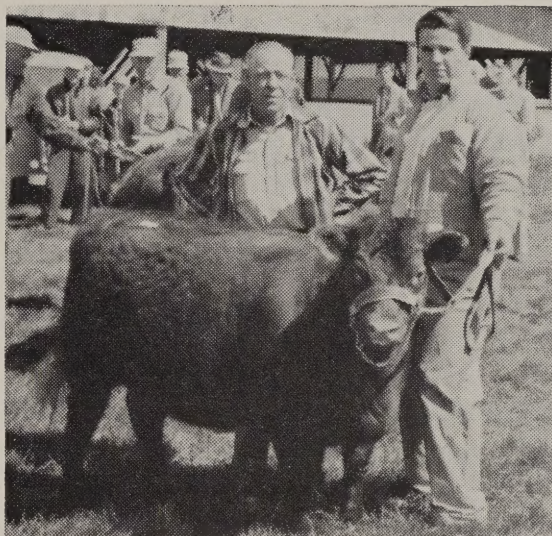

Pictured here are former champions at Oskaloosa. This is a sale where farmers, breeders, and 4-H members can buy well-bred, quality Shorthorns and Polled Shorthorns at prices they can afford.

WHY USE SHORTHORN BULLS ?

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

THE BOX SCORE

Sire	No. Calves	Av. Weaning Weight	Total Pounds
Shorthorn .....	47	330 lbs.	15,510
Hereford .....	34	306 lbs.	10,404
Angus .....	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantage and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

LOT 16 — QUEEN OF BEAUTY 121st — a good breeding cow, a heavy milker and she has a nice red bull calf, calved August 24 by Royal Chief.

A Shorthorn or Polled Shorthorn cow herd is always a good investment. Shorthorn cows have healthier, huskier calves that gain quickly. How would you like to have a nice set of red calves like these on your farm?

LOT 41 — BARBARIAN NONPAREIL 10th — This good January heifer will surely make a very good prospect for a 1966 4-H or FFA heifer. She is a double-bred Barbarian and is a real nice heifer, not too highly fitted as she has been running in pasture with her mother. Some good breeder could use one like her, we just can't keep them all. We have some 50 females out of Barbarian in the herd.

Shorthorns have topped the Kentucky Performance Tests for the seventh straight year. They led in average daily gain, adjusted average daily gain, type score, and index value.

# Standard Guarantee

## OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animals is bid off.
